

Sunday Birdwatching

Negro River–Sunday 13 December

Sunday, 13 December * Guyra Paraguay invites you to participate in the last Sunday Birdwatching outing of the year in the Negro River. Form part of this group of bird and nature lovers that travels each month to enjoy nature and observe our winged friends.

For the last Sunday Birdwatching outing of the year, we'll be visiting, by foot and by boat, the beautiful Negro River, close to the Sajonia Sports Club. With more than 140 recorded species in the area, we'll take advantage of this beautiful site, close to Asunción.

We'll be travelling by foot and by boat, so we recommend that you bring comfortable shoes, hats, binoculars, cameras, and enthusiasm to have a good time with old and new friends.

The outing has a cost of Gs. 55,000**, which includes two ornithological guides, a local guide, binoculars (limited supply), and reference books.
